ENTER WITH STYLE®

TRILOCK ™

The evolution of Trilock.®

1994

Trilock® Traditional

Knob launched with a classic and timeless design.

1998

Trilock® Traditional

The increasingly popular Trilock® evolved to include a lever design addressing trends in the marketplace.

Gainsborough's Trilock® is a leading brand that has influenced the market for over 20 years, evolving to complement emerging market trends.

How Trilock® works.

PASSAGE MODE
OUTSIDE & INSIDE
UNLOCKED

PRIVACY MODE
OUTSIDE **LOCKED**
& INSIDE **UNLOCKED**

DEADLOCK MODE
OUTSIDE & INSIDE
DEADBOLTED

Lockset with safety

Pressing the button on the inside of the door engages the Trilock lockset mode. This locks the door from the outside, however it is safe to exit without a key in an emergency by simply turning the inside knob or lever.

Deadbolt security

Trilock houses a key-operated double cylinder deadbolt, with a sturdy 20mm throw, to keep possessions and valuables safe whilst the home is unoccupied. Single cylinder version features inside turn-button.

Passage set convenience

When Trilock is unlocked and unsnibbed, it operates as a standard passage set, allowing free access in or out of the home.

GAINSBOROUGH TRILOCK
Designed in Australia
Licence No. 96313
Good Design Australia

The Trilock® '3 in 1' locking mechanism has been awarded with an Australian Design Mark® for Good Design by Standards Australia

2005

Trilock® Contemporary
provided a modern look, new lever designs were introduced.

2009

Trilock® Eclipse
created an enhanced, minimalist design aesthetic.

2009

Trilock® Omni
To meet the emerging market trend of larger doors the Trilock® Omni was launched.

2015

Trilock® Omni Back to Back
Pull handle with clever concealed lever option on both the exterior and interior sides of the door was launched to meet the growing demand for large format doors.

2017

Trilock® Omni Accent Back to Back
Pull handle with clever concealed lever options for standard size doors.

2017

Trilock® Urban
was launched featuring urban styling, a smoother, longer backplate and a unique one hole installation template.

The right cylinder.

Double cylinder
Key from either side will lock or unlock deadbolt.

Single cylinder
Key from outside or turn-button from inside will lock or unlock deadbolt.

Dummy
No functionality, used when you want the same look for non functioning doors.

Complete the look.

Match your internal door handles with your Trilock® for a consistent look inside and out.
